1. (Secret - GLC) By way of followup to a contact which Mr. Jack Norpel, Senate Internal Security Subcommittee staff, made with the Agency over the weekend, I called Norpel and then met with him and obtained information which he had obtained from a sensitive source regarding a matter of some sensitivity to the Agency. This information was given to [redacted] in Security, who is handling the problem. Subsequently, I called Norpel and thanked him for contacting us. I said the information he provided from his source corroborated information which we had received. While we had no interest in talking with his source, we would be interested in certain details if this information should come to his attention.

10. (Unclassified - LLM) Attempted to contact Miss Nash, in the office of Senator Warren G. Magnuson (D., Wash.), concerning her inquiry on [REDACTED] but she will not be back in the office until Monday and I left a message that I had been by.

12. (Unclassified - LLM) Mr. Robert Hull, Department of State, called on the [REDACTED] case to refresh his memory on what I had told him when he had previously made an inquiry on this subject. I told him that as far as I knew our position had not changed and that was that the issue of his creditable service with Radio Liberty had been decided (properly, we feel) by the Civil Service Retirement Appeals Board and suggested that in the event he wanted any further advice he confer with Doyle Martin in State

[REDACTED]

Hull asked if the term "Government contribution" as used in our retirement act legislation pertaining to transfer of employer contributions covered appropriations made directly to retirement funds prior to 1956 when there was no matching contribution. I told him that was not our intent and we did not think the term could be so construed.
